REPORT PRESENTED BY GENERAL SECRETARY IN AGM DATED 28.04.2024

Dear Hon'ble Members,

Heartiest greetings to all of you.

It is my great privilege and honor to welcome you to today's meeting. I thank all of you for attending the Annual General Body Meeting and for your kind cooperation.

I wish to thank all the managing committee members for their involvement and concern for the development and entertainment of our members and their families.

You will be enjoying the club lawn with the lush green grass surrounded by the beautiful fountains which starts from the entry gate and continues up-to the lawns. Installations of mist (air cooling system) in the club including lawns is a novelty and is an added attraction. In the heat of the summer this mist will bring down the temperature up-to 8-10 degree Celsius.

The air-conditioning system installed in the Club at the time of construction of the new building has completely been replaced and it is the state of the art. I am sure you will soon know the difference in coming summer.

We celebrated many events like Christmas Eve, New Year, BasantPanchami and Valentine day, Teej festival, Dandiya dance including musical evenings which have become our regular feature.

The change of caterer in the club has shown very clear positive results. The quality of food served as well as its hygiene has improved tremendously and we have double the footfall in the club. We are continuing to find ways to improve it further, and I assure you that it will happen.

I am pleased to inform you that we have made some very good relationship with liquor vendors. We are continuing to get very good discounts which are being passed to our esteemed members. We will continue to work towards making it even better and I am sure it will bring results in the coming period of time.

We are also committed in improving our guest rooms to make it pleasing and user friendly. Our club has affiliation with around 160 clubs in the country and abroad. Members of those clubs regularly come and stay at our club. It is just right that we are improving the standard of our club's guest rooms. I am also pleased to inform you that we are improvising our GYM and recently we have purchased new TREADmill.

We have replaced the old Sound system in our dining hall cum bar, which was long overdue considering the fact that we have so many musical programs.

Coming to Weekly Tambola sessions and MahaTambola. We have noted that every week (SATURDAY & SUNDAY) members and their family participate very enthusiastically and enjoy it. This remains one of the events where members participate actively.

Coming to the future activities and development of our club. I am pleased to inform you that we have made a decision to improve the front façade including the entrance, the sides and the back elevation of the club and including the lobby. We have opened the swimming pool on the regular scheduled date and hope that members with their families and guests are enjoying it.

I am very pleased to inform that our card room continues to attract a lot of members and guests. It is very popular and even attracts people from outside of the club. We will continue to maintain excellent standard of our card Room and would welcome any ideas to make it even better.
